## REPTON INTERNATIONAL SCHOOL

Repton in Malaysia is committed to deliver excellence in everything we do. From the academic curriculum, extra-curricular activities, to developing our children with the 21<sup>st</sup> century competencies they need to be successful in life.

Repton is an all-through school with the curriculum offering Early, Junior and Senior Years. We offer both the A Levels and International Baccalaureate Diploma Programme (IBDP), where we prepare pupils to enter world-class universities around the world.

Repton builds on more than 460 years old philosophy and traditions of Repton UK. Through a Reptonian education, we seek to develop every pupil holistically so as to maximise their potential to succeed in the global arena.

### Curriculum

At Repton, we build upon a solid foundation provided for our pupils at Early and Junior Years. They will then advance to the Senior School, subsequently taking the IGCSE programme, before progressing to the Cambridge A Levels or IBDP. The well-planned and executed Senior School programme takes into consideration the academic foundation, aptitude and university aspirations of our pupils.

## INVICTUS INTERNATIONAL SCHOOL

Founded to provide quality and affordable education from Kindergarten to Cambridge International A Levels (Advanced Levels), Invictus utilises internationally renowned curricula delivered through experienced educators to provide an immersive classroom experience that helps each child develop a spirit of lifelong learning and excellence.

Invictus International School is a K-12 institution under Sing-Ed Global Schoolhouse Pte Ltd (SEGS), the education arm of Chip Eng Seng Corporation Ltd. Headquartered in Singapore. SEGS's scope of business ranges from operating pre-schools, K-12 international schools and enrichment centres as well as investments in education technology companies.

Invictus has grown exponentially to establish a regional network of K-12 schools in Singapore, Hong Kong and Cambodia, and very soon Malaysia, seeking approval in September 2022.

### Curriculum

At Invictus International School, we offer curricula designed to nurture the growth of every student.

Our schools offer the UK Cambridge Primary, Lower Secondary, International General Certificate of Secondary Education (IGCSE) and A Levels.

Invictus International School at Horizon Hills is currently under construction. To find out more about the schools in the region, please email [enquiry@invictus.school](mailto:enquiry@invictus.school) or visit our page at [www.invictus.school](http://www.invictus.school).
